NEGRO BADLY CUT

Found in Street Unconscious and Covered With Blood.

Lying in his own blood, Samuel L. Wagner, a colored man, was found unconscious before Leonard's drug store on Second Street, last night shortly after 9 o'clock. He was lying face down in his neck and a piece of his ear was almost severed. Dr. Young took the man, who was almost dying, into the ambulance, and drove with all speed to the City Home, where, with the assistance of Dr. Hinchman, they partially checked the hemorrhage.

Dr. Young said last night that it was the worst case of cutting he had seen during his career in the City Home, and that there was little chance for the man's recovery, although he was doing fairly well at 1:30 o'clock. The wound, which was evidently made with a razor, ranges from the tip of the ear deep into the neck. No one seems to know just how it happened. It is said that Alexander Henderson, a colored barber, did the cutting. A warrant was sworn out for him, and the police were notified.

TOBACCO TRUST WILL NOT DISSEVE

Officers of Company Say That Antitrust Law Has Not Been Violated.

Official Denial

New York, April 18, 1908. Times-Dispatch, Richmond, Va.: Story in New York papers this morning that the American Tobacco Company intends to dissolve or reorganize is ridiculously false and without a shadow of foundation. W. W. FULLER, General Counsel.

NEW YORK, April 18.—There is absolutely no foundation whatever for a report that the American Tobacco Company is about to be voluntarily dissolved, according to a statement made to-day by W. W. Fuller, vice-president of the company. Mr. Fuller's statement was made after the return to this city of James B. Duke, president of the company, after a visit to California.

Mr. Duke declared that the investigation of the company's affairs by the government has resulted in showing unmistakably that the company has not in any respect violated the Sherman antitrust law or any other law. "This story of voluntary dissolution is absolutely false and without a shadow of foundation," said Mr. Duke.

The company's counsel and attorneys in the pending case of the government of the United States are not only not frightened by the evidence gathered in that case, but they advise that the full disclosure of the affairs of the American Tobacco Company made by private officers and employees in that case shows most clearly and unmistakably that the company has not in any respect violated the Sherman antitrust law or any other law, and that the result of the litigation is bound to be a victory for the American Tobacco Company.

General Counsel Fuller, of the company, joined Mr. Duke in characterizing the reports as groundless. He said the basis of the story apparently was that several machine-made cigar plants of the American Tobacco Company had closed, and were to reopen in properties of the Federal Cigar Company. "As a matter of fact," said Mr. Fuller, "the Federal Cigar Company is owned by the American Cigar Company. The change under way is merely a reorganization of the hand-made and the machine-made cigar businesses, the latter being turned over to the Federal Cigar Company. This is merely a detail to more systematize the work of the cigar company."

Mr. Jones has not heard that oysters in other sections of Virginia have been affected.

BREAK MANY TARGETS

Owing to the inclement weather only eleven shooters faced the Deep Run traps yesterday afternoon, but the attendance showed the interest that is being manifested in shooting. Mr. Keller, of the Peters Cartridge Company, was high gun, breaking 88 out of 100, a most creditable score. West End was high gun for the locals, accounting for 85 out of 100. It was the first time that he has been high gun this season. The flight of the targets were deceptive, and the scores made were very creditable. At the close of the shoot next Saturday there will be a meeting of those interested in trap shooting to formulate rules for this season, and also to arrange for the Fourth of July shoot and the State shoot to be held on Labor Day. The management hopes to have a full attendance next Saturday, as matters of vital importance will be brought before the meeting.

GYMNASTIC LEADERS

The fourth and last of the series of athletic gymnastic contests took place at the Young Men's Christian Association gymnasium last night and some creditable records were made. McC. Thornton scored fifteen points and E. D. Johnson pushed him for first place, securing fourteen points. The eight men who made the highest points in the series have the honor of being known as the "champion eight" for 1907-1908, and their names will be inscribed on a shield and hung on the wall of the gymnasium. McC. Thornton, who leads with 52 points, has done splendid work in all of the meets, his being an example of what a man may accomplish by training and consistent practice. H. B. Ruffy, who secured second place, was unable to take part last night, but has done well in the other meets. Records made in the series will stand until broken in future events in the association gymnasium. Three standing broad jumps: E. D. Johnson, 1 minute 41 3-5 seconds; 3 points. W. F.
